- A minimum of 2.4 metres of clear pedestrian access area is to be maintained at all times on the recognised footway or pedestrian area. The exception being where it is likely that abnormally large volumes of pedestrian traffic may, on a regular basis, co-inhabit the same area as an alfresco activity when a greater area may be required.

- A permit holder shall be required to ensure that all furniture is situated strictly as approved at all times.
- A permit holder is required to ensure that all rubbish generated by, on or in the immediate vicinity of the activity is immediately removed. This includes, but is not limited to, the provision of rubbish bins and the removal of any stains or marks to paving as a result of the activity.
- A permit holder is required to ensure that all furniture is removed from the site when the restaurant is closed unless the furniture is permanently fixed.
- The permit holder is required to ensure that all other conditions normally associated with the issue of permits under the Alice Springs (Control of Public Places) By-laws are complied with.
- Any permit issued may be revoked or amended, either permanently or for a specified time, at any time, in the event that it is necessary for reasons for the preservation of public health, safety, convenience and/or amenity standards or conditions.
