ALICE SPRINGS TOWN COUNCIL
REGULAR GARBAGE SERVICE
TERMS AND CONDITIONS

The Council's regular garbage service shall consist of the removal and disposal of the contents of a 240 litre mobile wheeled bin, once per week, on a day as advised on the Council's Garbage Service Information pamphlet.

Your 240 litre bin will be supplied by the Contractor and will remain the property of the Contractor.

Place your bin as close to the edge of the road as possible, where it will be emptied by the Contractor.

Make sure the bin faces the right way, ie with the handles at the rear and the lid opening facing the road.

Make sure your bin is clear of trees and obstructions, such as fire hydrants and power poles.

Do not place your bin near parked cars.

After the bin has been emptied, it is your responsibility to return your bin back on your own property.

Residents of some large flats complexes will still leave their wheelie bins in the compounds and areas provided for this purpose.

The reference number of the bin issued to your property will be recorded in your name and the bin will be your responsibility.

It is your responsibility to maintain the bin in an hygienic condition.

Should the bin be lost or damaged, it is your responsibility to advise the Contractor (Wastemaster/Cleanaway) 89 521 336 during office hours.

Pursuant to Section 77 of the Local Government Act, the property owner is liable for payment of the charge levied by the Council for the Regular Garbage Service.

Should you wish to discuss any part of the garbage collection service, telephone the Council during office hours on 89500500.
