4. BUSINESS ARISING

4.1 Update on Action Item 5.1 from Minutes dated 2 December 2019

ACTION:

Director Technical Services to write a letter of invitation to the hospital board to meet with Council early next year to present its car parking master plan and to provide Council with clarification on how it will address its shortage of car parking long term.

The Director Technical Services advised that a draft letter is currently being formalised. The letter will be sent when approved by the CEO.

5. DCA APPLICATIONS – FEBRUARY 2020

5.1 Lot 544, 12 Hele Crescent – PA2018/0055

Alterations and Additions to Light Industry warehouse with reduced parking and rear building setback.

Conditions: Basic Stormwater, Permit to Work within ASTC Road Reserve, Carparking outside of CBD: A shortfall of 16 spaces identified.

Councillor Paterson joins the meeting at 7:03am

5.2 Lot 4440, 10 Flynn Drive – PA2020/0047

14.4m x 3.3m demountable building to be utilized as an administration office space for existing medical clinic.

Conditions: Basic Stormwater, Permit to Work within ASTC Road Reserve

Manager Developments explained that the demountable will be a permanent structure on the premise and that the provision for extra car parking was not addressed as a condition on Council's DCA response letter as there would be no addition to the staff onsite as presumed on the application. Discussion ensued.

The CEO sought clarity over the requirement for the additional car parking. Manager Developments clarified that the impact would be minimal and that the additional floor area is approximately 40m² – 45m².

Councillor Price joins the meeting at 7:05am

ACTION:

Manager Developments to send a further response letter to the DCA expressing Council's concerns over the additional office space added onsite and its potential impacts to car parking by the end of the week.

Councillor Paterson leaves the room due to a conflict of interest at 7:10am

8. GENERAL BUSINESS

8.1 Designing Better

Councillor Banks expressed concerns on the lack of consultation that was provided to Council on this project and the promotion of design heights. It was suggested that a presentation relevant to Council and Alice Springs be conducted by the Commission.

The CEO advised that consultation process is now in Stage 1c and suggested that Council make comment.

Concerns were raised over the relevance to high-rise buildings and its impact to Alice Springs and the community and how Council will protect the Alice Springs vision moving forward with the document.

The CEO noted that the Area Plan has gone through the consultation process and that it would override the Design Guidelines. Area Plans, whilst not legislative are strongly referenced and there are zoning controls that is legislative which could protect the Alice Springs community. It was recommended by the CEO that the Committee review the document to start with for further discussion at a future meeting
