Government House

His Worship the Mayor of Alice Springs Town Council
Mr Matt Paterson
PO Box 1071
ALICE SPRINGS NT 0871

Dear Mayor,

The Coronation of Their Majesties King Charles III and Queen Camilla will occur at Westminster Abbey in London on Saturday, 6 May 2023. The Coronation will be the first of its kind in over 70 years since the Coronation of His Majesty's late Mother, Queen Elizabeth, in 1953.

Government House will host various events in May to mark this significant occasion. In particular, on Saturday 6 May, the House will host a free public event, 'A Coronation Celebration,' featuring music from the Band of the 1st Brigade and highlights from the Coronation will be shown live on screens provided.

As the Crown's representative in the Northern Territory, His Honour is eager to hear of ways Territorians will join with other Australians and the Commonwealth in marking the occasion through local community events and promoting volunteering activities.

If your organisation will be hosting an event or volunteering activity to mark the Coronation and you would like to invite the Administrator to participate and support your initiative, please contact Government House via govhouse@nt.gov.au.

Yours sincerely,

Mr Craig Kitchen MVO

ATTACHMENT B

26 April 2023

Dear Mayor, Deputy Mayor and Councillors,

We write to again seek your support for the Community Competition and its limited fixture that has been developed following the Summit in Alice Springs on 20 March 2023.

We believe a collaborative approach can ensure that the season takes place in a way that addresses the concerns you have raised but ensures that football remains as a positive factor in the lives of the young men and women of Central Australia for whom football is such a positive motivating factor.

To this end, we confirm that we have agreed On Country Cultural Protocols with the Lhere Artepe Aboriginal Corporation for the Community Competition and that each team will adopt the protocols. Attached are the Protocols that will be implemented.

In addition to this we will also engage the Lhere Artepe Community Patrol for the purposes of the Community Competition games fixtured in Alice Springs and work closely with Lhere Artepe in relation to the Competition.

We note the considerable work being done with the NT Government to ensure that the various wrap around services discussed are planned for and appropriately delivered and we will continue to work collaboratively with the NT Government and the Alice Springs Town Council on these wrap around services. This will include ensuring we share information as the season proceeds.

We look forward to your response and to continuing to work with you in the future.

Yours faithfully,

Sean Bowden

## EXECUTIVE SUMMARY

This report provides a quarterly review of the Development business unit within the Technical Services Directorate.

## 1 STRATEGIC PLAN

### Alice Springs Town Council Strategic Plan – 2022 to 2023

The Developments unit predominantly manages applications referred to Council through the Department of Infrastructure Planning and Logistics (DIPL). Proposed infrastructure handovers from developers and various Government Departments are also managed.

The KPIs below are continuously measured to align with the Strategic Plan objectives. These are achieved progressively through a collaborative approach with stakeholders. The timelines of these projects are mostly driven by external stakeholders and are reliant on the developer. The unit ensures that appropriate service provision is met, while impacts to Council operations are minimized.

## 2 PROJECT PLANNER

The timelines are governed by the DCA as per the Planning Act and the type of application lodged with the planning team. All Development applications have a default response timeframe of 14 days which is the minimum period of advertisement for a development application. ## 2. DISCUSSION

In February 2023, Council received a petition with approximately 1000 signatures in regard to one of the items included in the CBD Revitalization Master Plan Stage 1 work scope, exploration of opening Todd Mall as a shared car, pedestrian, and cyclist roadway, and Council endorsed the following recommendation:

7 -- CNCL 28/02/2023

25. PETITIONS

Councillor Coffey presented a petition around the revitalization of the CBD

A petition consisting of approximately 1,000 signatures was tabled by Councillor Coffey in support of a road not being built through Todd Mall (*refer to Attachment A*)

Moved – Councillor Coffey
Seconded – Mayor Paterson

**That the petition be received and referred to a committee or Officer for consideration and a report presented to Council.**

CARRIED (22496)

Main concerns stated in the Todd Mall petition are the following:

- Losing pedestrian safe space
- Safety issues in relation to anti-social behaviour, possibility of ram raids
- Huge money to be spent to open Todd Mall as a road
- Negative effect on community events, additional costs pertaining to road closure as traffic control will be required to close the road during events

Say NO to Road Through Todd Mall petition has been included as *Attachment B*.

The main concerns stated above have been considered in the scoping of the CBD revitalisation Master Plan Stage 1 Works Project. It is expected from the consultant that will be engaged to hold a series of consultation to be able to listen to the voices of the general public, elected members, Council staff, local businesses, and other authorities. This way, any comments/concerns about the project can be addressed in the early stages and potentially be incorporated in the initial concept design.

Additionally, the consultant is expected to first investigate the feasibility of opening Todd Mall, considering local traffic and the impact on existing infrastructure, service authorities' infrastructure, and the Todd Mall markets. Once feasibility studies have been done, assessing potential upgrade options provided by consultant based on merit will give Council a clear direction on whether opening Todd Mall as a shared road will be beneficial not just for local businesses situated in Todd Mall but the whole of Alice Springs CBD long term.

**3. POLICY IMPACTS**

# SAY NO to ROAD THROUGH TODD MALL

To: Alice Springs Town Council

The Alice Springs Town Council has sent out Tenders for the Revitalisation of the CBD - this includes improvements to the Todd Mall.

It is greatly concerning that the tendered Revitalisation Design Concepts may include a shared car, pedestrian and bicycle space through the pedestrian area of the Todd Mall.

The tenders for Alice Springs CBD Revitalisation will be ending soon and then the Town Council will begin community consultation. The time to act is now.

It is important that us, the community of Alice Springs, are given fair access to community consultation to inform the Council of our valid concerns so that appropriate responses and solutions are identified and enacted.

Sign this petition today so that it can be presented at the next Town Council meeting at the end of February. With your support, I would like to make the Council understand that the possibility of a shared road through our iconic Todd Mall is NOT the right decision for our community.

**Why is this important?**

Your support is important. Please sign this petition today and share with your fellow residents of Alice Springs.

Here are just a few reasons why a shared road through the iconic Todd Mall would be detrimental to our only pedestrian safe space in the CBD:

1. We, the community, lose our only pedestrian safe space in the CBD. It has always been great to have a place to come to in town, where there are a range of cafes, restaurants, retail shops and businesses and to be able to walk freely without having to worry about traffic, especially if you have children.

2. Safety. Given the current anti-social/crime situation occurring in Alice Springs, a shared road will likely present a number of safety issues including, hooning and shop fronts having to seriously consider the possibility of ram raids.

3. High cost with little benefit. The money spent on installing a road would be astronomical. *There are much better ways to spend this money in the Todd Mall. Also, putting a shared road* through the Mall does not guarantee increase in foot traffic for businesses. We have seen the dismal results of the road put in the northern end of the Todd Mall, let's not make the same mistake twice.

4. Community Events. To be able to run a community event on a shared road, organisers will have to hire very costly traffic control to close the road. Such expense could be financially unsustainable to many event holders, such as markets and festivals. These extra costs may mean that fewer events will be able to continue in this central and easy-to-get-to location.

I am sure there are many other reasons you could list too.

The Todd Mall is a great pedestrian space and putting a shared car, pedestrian & bicycle space through it would bring very little benefit, if any, to community well-being as well as to the businesses that are there.

The Alice Springs Town Council needs to re-imagine the Todd Mall as an integrated community and business space, without a road through it.

Some ideas could include: a water play space, more shade, water misters, tables and chairs, engaging in consistent dialogue with landlords to work towards filling up empty shop spaces, installation of public artworks/sculptures, iconic landmarks, making a better thoroughfare connection between the Todd Mall and the Yeperenye Shopping Centre etc...

Together let's SAY NO TO A SHARED CAR, PEDESTRIAN AND BICYCLE ROAD THROUGH THE TODD MALL!

Many thanks,

Sophie Marriott

Concerned community member, shop owner and local family.
